DETAILED ACTION

1. The request filed on 18 December 2001 for a Continued Prosecution Application (CPA) under 37 CFR 1.53(d) based on parent Application No. 09/465,925 is acceptable and a CPA has been established. An action on the CPA follows.

2. Claims 1, 3-5, 8, and 9 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-19 of U.S. Patent No. 5,827,935 for the same reasons of record as set forth in the Office action mailed 8 January 2001.

Applicants have not provided any arguments addressing the rejection in the response filed 18 December 2001.

3. Claims 1, 3-5, 8, and 9 are rejected under 35 U.S.C. 102(b) as being anticipated by Sullenger et al. (Cell) for the same reasons of record as set forth in the Office action mailed 8 January 2001.

Applicants have not provided any arguments addressing the rejection in the response filed 18 December 2001.

4. Claims 1, 3-5, 8, and 9 are rejected under 35 U.S.C. 112, first paragraph, because the specification is only enabling for claims limited to a method of colocalizing an inhibitory agent comprising a localization signal in cells, in vitro. The specification

does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to use the invention commensurate in scope with these claims for the same reasons of record as set forth in the Office action mailed 8 January 2001.

Applicants have not provided any arguments addressing the rejection in the response filed 18 December 2001.

5. All claims are drawn to the same invention claimed in the parent application prior to the filing of this Continued Prosecution Application under 37 CFR 1.53(d) and could have been finally rejected on the grounds and art of record in the next Office action. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action after the filing under 37 CFR 1.53(d). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
